---------------------------------	------------------------------

In attendance was Jeanne Comeaux representing Louisiana Automobile Dealers Association (“LADA”). Also in attendance were Commission staff: Ingya Cattle, Assistant Executive Director; Scott Landreneau, Commission Investigator Supervisor; Commission Investigators: Neil Rogers, Antoine DeRouen, Kevin Broussard, Ben Guidry, Angel Brisson, Brandon Bailey, George Fuller, and Sullivan Williams; Brandy DeLucca, License Analyst; Stacey Broussard, Administrative Supervisor; Kirsten Mason, Administrative Coordinator; and Evan Conners, Accountant Technician.

Executive Director Casey introduced the Commission’s new in-house attorney, Mr. Tracey Comeaux. Mr. Comeaux addressed the Commission and spoke briefly on his career with the Attorney General’s Office and the Orleans Parish Sheriff’s Office as Chief Counsel. Chairman Lala provided a description of the hiring process and gave his full support.

At this time, Executive Director Casey gave an update on the 2026 legislative session. She first advised on SB 102, which is being proposed by Louisiana Automobile Dealers Association (“LADA.”) The bill would allow an association to file a complaint on behalf of a member or members against a motor vehicle manufacturer with the Commission or in a court of competent jurisdiction. She noted that the bill includes requirements an association would have to meet in order to file the complaint. She stated that the bill has passed both chambers of the State Legislature.

Next Chairman Lala discussed HB 939, which is related to the merger of the Louisiana Motor Vehicle Commission and the Louisiana Used Motor Vehicle Commission. He advised that the process to merge both Commissions started a year and half ago and involved a tremendous amount of work. He noted that he learned a great deal through the process, but he ultimately had the bill voluntarily deferred out of committee. He stated that the bill needed more details and wanted to be sure the bill was right and complete before being presented to the state legislature. He said the Commission will continue to work with the Louisiana Used Car Commission and LADA as the work to merge both Commissions will continue next year. Chairman Lala emphasized his goal to protect the consumer, have both Commissions be on a level playing field, and his desire for fairness. He then gave gratitude to the Commissioners who contributed to the task force and expressed appreciation and gave accolades to Executive Director Casey for the work she devoted to the task force. He described her role in the task force, which involved working tirelessly though long days, nights and weekends. Commissioner Rutherford asked, what were the biggest problems with the bill? Chairman Lala explained that due to the differences between how small and large dealers operate, there was some hesitancy in supporting the merger. He also stated that the fee increase, timing, and size of the bill also contributed to the bill being pulled. Commissioner Rutherford then gave praise to Executive Director Casey advising that she always had answers to his questions while serving on the task force. Chairman Lala discussed that the Commission wants to work with businesses to combat any perceived negative perceptions that may have also resulted in resistance to the merger.

Next, Executive Director Casey advised on HB 848 noting that this bill defines service requirements for all-terrain vehicle dealers and adds golf carts to the definition of all-terrain vehicle. She said this bill passed the Senate and is on the docket to be heard on the floor of the legislature.

Executive Director Casey advised on HB 781 noting that this is an Office of Motor Vehicles bill creates a fleet registration program that will allow businesses to manage their own fleet vehicle registrations and license plates.

Executive Director Casey discussed HB 888, which would provide for more regulation of temporary dealer plates to prevent misuse. She further advised that the bill would allow dealers to conduct a “print on demand” process involving temporary plates, dealer inventory plates, and dealer transportation plates; which will increase from 5 days to 10 days. Once the “print on demand” system is online, the application fee will be \$20.00.

Commissioner Waddell asked if the above-referenced bills have all passed. Executive Director Casey stated that SB 102 and HB 888 passed, HB 848 is waiting to be heard on the floor, and HB 939 did not pass.

Next, Executive Director Casey discussed HB1086 stating that this is a substitute bill for HB 885. This bill is regarding the electronic titling and registration of motor vehicles. Executive Director Casey advised that the goal of Office of Motor Vehicles is to have the titling and registration process to be fully electronic. She said that this bill passed both chambers of legislature and is waiting for final passage.

Chairman Lala discussed his goal to have the Commission’s licensing system to be connected with the Office of Motor Vehicles to help with the regulation of dealers selling products that they are not licensed to sell.

Commissioner Favre asked, what is the timeline for all the bills discussed? Executive Director Casey replied that she will send an email with an update once the legislation session is completed.

At this time, Executive Director Casey began a discussion on recent Federal Trade Commission (“FTC”) guidelines related to the advertising of motor vehicles, vehicle pricing advertising, and proper disclosures. Chairman Lala said this a serious issue and that the FTC gives no leniency. Executive Director Casey advised that through communications with LADA, the Commission was made aware that FTC conducted a webinar with the National Automobile Dealers Association outlining several warning letters issued to motor vehicle dealers nationwide. She stated that the webinar outlined FTC guidelines. She explained an initial, preliminary review of the Commission’s current regulations to determine any potential effects on how the Commission staff will move forward with the enforcement of advertising

regulations was completed. Executive Director Casey advised that the Commission’s advertising rules are, for the most part, consistent with FTC advertising regulations. She pointed out two Commission advertising rules, 719 & 733, that differ from FTC current guidelines. The FTC advises against using the word “free” to advertise an enticement that is received when purchasing a vehicle; whereas Commission rules allow the use of the word “free” in the same situation under specific circumstances. Secondly, she stated that the FTC requires all fees and charges to be included in the advertised sale price except government fees like tax, title, and license. The Commission, however, allows dealers to exclude government fees and the documentation fee, convenience fee, and notary fee. Executive Director Casey touched on some other FTC guidelines such as using the phrase “excludes tax, title, & license” instead of “plus tax, title, & license.” She also mentioned that the FTC advises dealers against advertising just the MSRP, no price, or a price and the verbiage “call for today’s price.” She stated that the Commission will send out a bulletin on the FTC guidelines. The bulletin will advise on how the Commission will enforce advertising rules for vehicle pricing, fees disclosure, and the use of word free going forward considering the current FTC guidelines. Ms. Jeanne Comeaux added that the FTC could issue \$50,000 fines per violation. Commissioner LeBlanc asked if the value for documentation fee can vary per transaction. Executive Director Casey advised that he should consult with his legal counsel on that issue. Commissioner Waddell asked if Commission Investigators will enforce FTC guidelines. Executive Director replied that they intend to but wanted guidance from the Commission. She further explained that dealers should always follow FTC laws, rules, and guidelines, and the LMVC is required to enforce all laws. She stated that the Commission will make sure to work with everyone as any new changes are implemented. At this point, Executive Director Casey asked for the Commissioner’s positions with Commission rules 719 & 733. Commissioner Hebert stated that it would be better if the Commission advertising rules aligned with the FTC. Commissioner Hocevar suggested that the Commission do a thorough review of all Commission advertising rules and move forward with addressing any areas that do not align with the FTC. Ms. Jeanne Comeaux advised that the FTC has a list of state rules that conflict with the FTC. Chairman Lala asked Ms. Jeanne Comeaux, what LADA’s position on the FTC situation is? She replied that LADA wants to make sure that the Commission’s rules comply with the FTC and that dealers are educated. Executive Director Casey asked the Commissioners if any action will be taken by changing Commission advertising rules 719 & 733. Commissioner Hocevar made a motion to modify the enforcement of rules 719 & 733 to coincide with FTC and review all rules to make sure they are aligned with the FTC guidelines. Commissioner Krake seconded the motion, and it was unanimously approved.

At this time, Executive Director Casey presented to the Commissioners a draft of a consumer disclosure form related to dealer added options. At the previous Commission meeting, Commissioners directed Commission staff to create a consumer disclosure form to help protect consumers and dealers when selling vehicles containing mandatory dealer added options. Additionally, the form was to assist Commission staff in the regulation of such sales. Executive Director Casey noted that the Commission could not enforce the use of the form, because a statute or rule must be enacted in order to do so. Chairman Lala stated that the goal would be to recommend the use of the form. Commission Investigator Supervisor Landreneau stated the form complies with FTC guidelines. Executive Director Casey went over the form details and asked for input from the Commissioners. Commissioner Favre expressed his concern that some dealers would use the form, and some would not. He also noted that the form did not appear to be too “dealer friendly”. Executive Director Casey reiterated that the goal is to protect the consumer and the licensee. Chairman Lala said that the form could be put on the website to advise consumers. Counselor Tracey Comeaux advised that consumers could choose to use the form. Chairman Lala again stated that the Commission would make the form available, but it is not mandatory. Commissioner Krake agreed that the Commission should make the form available. Ms. Jeanne Comeaux said she would review the form and will give input to Executive Director Casey.

Next, Executive Director Casey presented to the members of the Commission the operating statistics for the months of March and April, which included a comparison of last year’s statistics for the same time frame. She briefly went over the licensing, hearing notices, and consumer complaint numbers. Chairman Lala said he wanted to add two more columns to the statistics. The two additional columns will represent yearly totals for current and previous year.

At this time, Executive Director Casey asked Investigator Supervisor Landreneau to inform the Commission on trends that the investigation team was seeing. Investigator Supervisor Landreneau stated that it has been reported to him that new car sales are down and used car sales are up, which may explain the increase in consumer complaints. He also advised that Commission Investigators are getting a lot of questions about the new FTC advertising guidelines. He mentioned that powersport dealers are saying that their insurance costs have increased and are having trouble getting new inventory. The issue is possibly tied to tariffs as products are sitting on boats overseas. He noted that powersport dealers have also stated that manufacturers are choosing not to do business in Louisiana, with licensing requirements possibly being a deterrent.

Executive Director Casey advised the Commission Members a pre-hearing was held on March 30, 2026, pursuant to LA-R.S. 49:977.3(C), regarding Matter #P-2025-126, Herc Rentals Inc. DBA Herc Rentals was David Farren, VP Global Tax; and representing the Commission were: Chairman Gregory Lala; Counselor Adrian LaPeyronnie; Scott Landreneau, Commission Investigator Supervisor; Neil Rogers, Commission Investigator; Brandy DeLucca and Alicia Philips, License Analysts; and Amy Casey, Executive Director. DBA Herc Rentals, if accepted and ratified by the Commission. Commissioner Favre made a motion to accept and ratify the Consent Judgment in this matter. Commissioner Krake seconded this motion, and it was unanimously approved.

Chairman Gregory Lala

LOUISIANA MOTOR VEHICLE COMMISSION

AGREED:

TMBC, L.L.C
DBA TRACKER BOATING CENTER

By: _____

Chairman Lala called for a reading of the minutes of the March 30, 2026 meeting. Commissioner Krake made a motion to accept the minutes as read. Commissioner Vaughn seconded this motion, and it was unanimously approved.

Chairman Lala asked for a review of March and April financial statements of the Louisiana Motor Vehicle Commission, Motor Vehicle Sales Finance Division, copies of which were before each Commission Member. All members were also able to review the Fiscal Year 2026 Year to Date Actual vs Budget Report and the Fiscal Year 2026 vs Fiscal Year 2025 Comparison Report. Commissioner Rutherford asked if the expense of OPEB, other post-employment benefits, was included in the budget and actuals. Executive Director Casey explained an annual estimate of \$425,000 was included in both the salary actual and forecast in the budget. The estimate was prorated to a year-to-date forecast for both the salary actual and budget, which was reflected in both reports. Chairman Lala requested to remove the forecast for this expense going forward, starting with fiscal year 2027. All commissioners agreed. Commissioner Krake made a motion to accept the March and April financial statements as presented and incorporate into these minutes. This motion was seconded by Commissioner Hocevar, and it was unanimously approved.

The Chairman called for a review of the initial manufacturer licenses issued. Executive Director Casey reported the applications and supporting documentation were in order for these manufacturer applicants.
